

Datasheet: com.tom GRAPHIC ETH-03 S

The com.tom GRAPHIC ETH-03 S is an adapters for the com.tom GRAPHIC family with direct power supply via the com.tom Switch family. It provides only one connector for Ethernet and power supply.

Technical data

Ethernet interface	RJ-45 plug – designed for use with com.tom 'S' (Switch) family
Power supply remote	
com.tom GRAPHIC connector	Direct connector with shield connection (FASTON 0,25")
Cable Ethernet	3 m, SF/UTP, Cat. 5
Minimum bending radius	During installation: 50mm
Cable Ethernet	Fixed installation: 25mm
Shield interface	FASTON 0,25"
Cable length	3 m

Environmental

Operating temperature (TA)	-20°C to +60°C
Temperature during installation:	0 °C to +50 °C

Mechanical data

Size Direct connector (W x L x H)	28 x 35 x 26 mm
-----------------------------------	-----------------

Compliance and Conformity

RoHS; CE used with com.tom GRAPHIC

Ordering information

Adapter C.T.GRAPHIC ETH-03 S	Order-No.: 00570996
